Conscious gifting

At Weleda, every Christmas gift is made with love for people and respect for the planet.

Our natural ingredients are carefully grown and gently crafted to bring comfort and wellbeing – from our iconic Skin Food collection, to our exciting new hair & body mists, these gifts are simple ways to show how much you care.

Each set comes in sustainable packaging, and made to be treasured long after the gift wrap has been opened on Christmas Day. Give consciously this festive season and share the joy of natural care with Weleda.

Thoughtful packaging

Our new Christmas gift collection for 2026 is a thoughtful change from the usual excesses of Christmas packaging.

The fully and easily recyclable packs (free from plastic inserts or cellophane wrapping) are made from FSC certified board and printed with solvent free vegetable inks, to minimise carbon impact. Our bags are made with 100% Organic cotton or RPET (sourced from recycled plastic).
